3. [How to start playing on 888tron.com](#)

To start playing, a player has to perform a few simple steps:

1. Install the HuobiWallet app on your smartphone. This app is designed for creating and managing a cryptocurrency wallet on a mobile device.
2. Create a TRON cryptocurrency wallet. How to do this is shown below. Deposit funds from your debit/credit card to your cryptocurrency wallet. Detailed information is given in the «How to buy TRX» instructions.
3. To start playing:
 - Launch the HuobiWallet app.
 - In the Discover section, enter 888tron in the search box and open the site. How to do this is shown below.

Select your game of choice and recharge your game wallet.
How to do this is shown below.

You are ready to play!

The **Huobi wallet** is a professional and secure multi-currency digital wallet. The Huobi Group technical support provides convenient and reliable digital asset management services. It enables to store and transfer more than ten digital currencies, such as Bitcoin, Ethereum, ATOM, EOS, IOST, Ontology and TRON.

The main website is in English, Chinese, Russian, Japanese and Korean.

Open the site www.huobiwallet.com
Click "App Store" or "Google Play" depending on the type of your smartphone.

Install the app in "Google Play" and then launch the app.
play.google.com/store/apps/details?id=com.huobionchainwallet.gp

Launch the app. Read the User "Service Agreement". Agree and click [*Confirm*]. Click [*Create Wallet*].

A list of wallet types appears in the window, select TRX.
Click [*Confirm*].
Click [*Next*].

Set a password for your wallet and repeat it.

A wallet backup dialog box opens. You are recommended to backup.
Click [*Start Backup*].

A window warning against taking a screenshot opens.
Prepare a pen and a paper.

The mnemonic phrase is preferably photographed using another phone in order to complete wallet creation, and then stored in a safe place.

The system then automatically generates a unique mnemonic phrase (a combination of 12 words). You need to write down these words (on a piece of paper or in a file) and store in a safe place. Click [*Next*].

You then need to confirm the MNEMONIC phrase and enter all of the words in the right sequence. Click [*Complete*].

Your crypto wallet has been successfully created!

Your crypto wallet number is a unique combination of 34 characters (similar to a bank account number).

You can select the app language in the [*Settings*] section. Chinese, English, Japanese, Korean and Russian languages are available.

Launch the HuobiWallet app.
Select the Discover section.
In the selection window, select the TRX cryptocurrency wallet. Click on [TRX].

Type the name of the 888tron website in the search box
A window with a logo of the site opens; click on it.

Type the name of the 888tron website in the search box
A window with a logo of the site opens; click on it.

A window alerting you that you are being redirected to the home page of 888Tron.com opens.

When the 888Tron.com site opens, select the game and click the [Wallet] button.

The game wallet menu has the following options:

- 1) Select cryptocurrency (TRX or 888 tokens) to perform deposit/withdrawal operations.
- 2) A deposit option.
To deposit funds to the game wallet, enter the amount that you wish to bet with.
If you want to deposit the whole amount, click the [All] button.
Then click the [Deposit] button.
- 3) A withdraw option.
To transfer funds from the game wallet into the cryptocurrency wallet, select the amount you want to transfer and click the [Transfer] button.

No fees are charged for the transfer of funds between your wallets (cryptocurrency and game wallets). However, it is advisable to always keep a few TRX in the cryptocurrency wallet, which will be needed when freezing/unfreezing tokens.

After confirmation (authorisation) of the transaction, the funds are instantly transferred from the cryptocurrency wallet to the game wallet (and vice versa, when withdrawing).

Your game wallet has been recharged, you may play!

All operations performed with TRX or the 888 token require confirmation (authorisation). Please pay attention to this. The transaction will not be conducted without confirmation (for example due to the breakdown of the Internet Connection, ...)

When the operation confirmation window appears, check the information and click the [*Confirm*] button.

Remark.
Your cryptocurrency wallet and game wallet on the 888tron platform are linked and wholly managed by the player. The player decides the wallet and how much to store in that wallet.
