## TOKENPOCKET (mobile app) / 3. How to start playing on 888tron.com

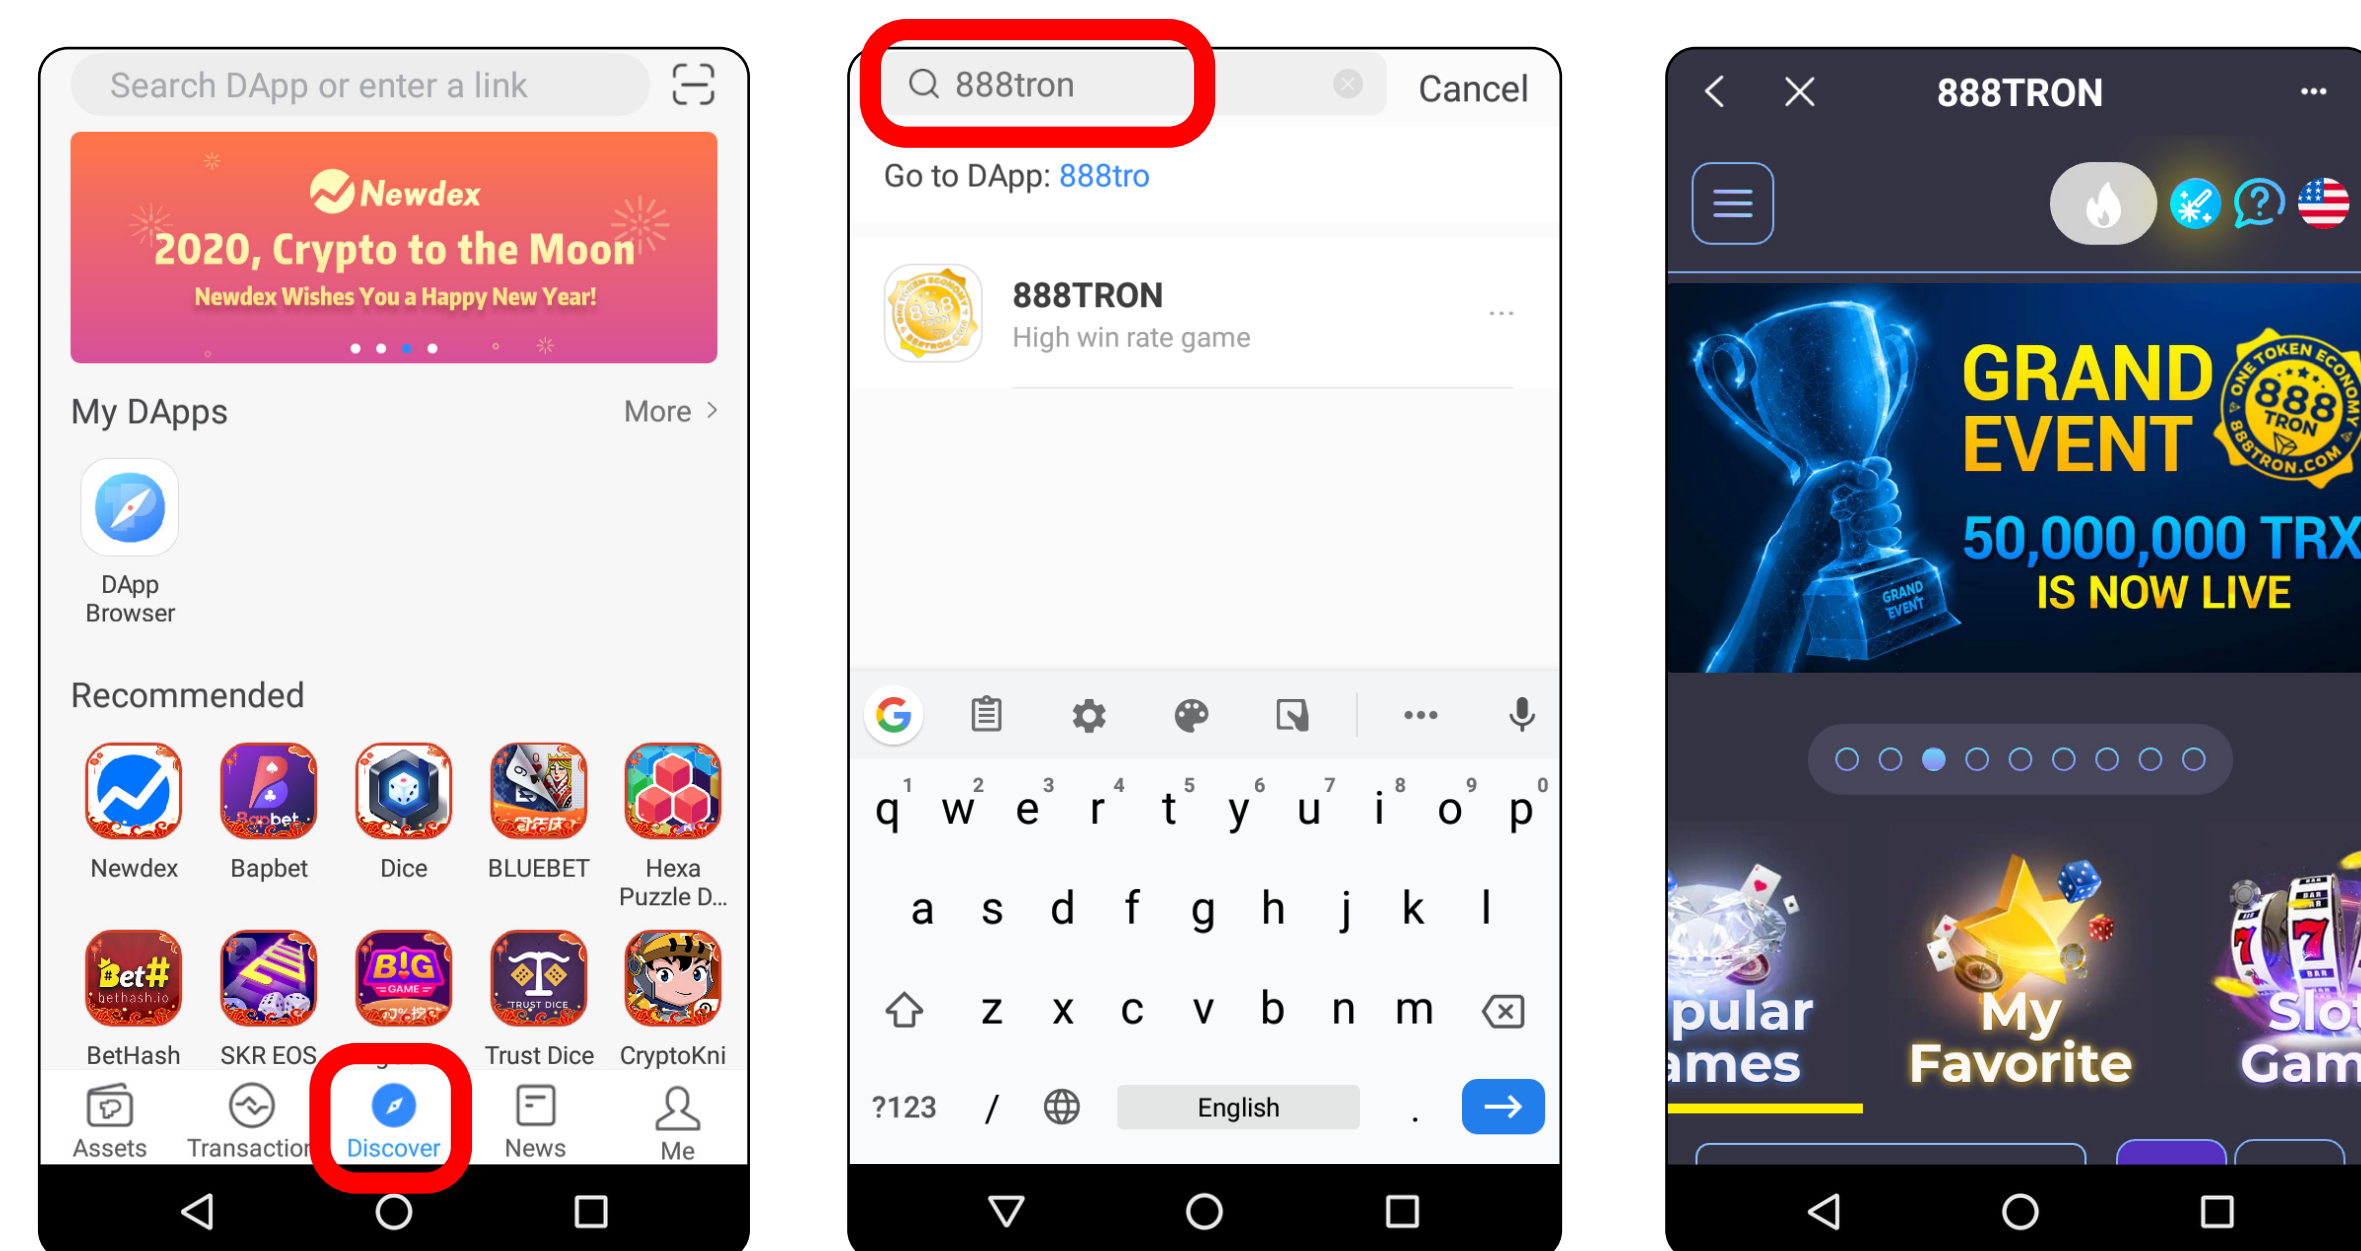

Your crypto wallet number is a unique combination of 34 characters (similar to a bank account number).

Launch the TronPocket app.  
Open your TRON cryptocurrency wallet.

Select the Discover section.  
Type the name of the "888tron" website in the search box  
A window with a logo of the site opens; click on it.

A window alerting you that you are being redirected to the home page of 888Tron.com opens.

When the 888tron.com site opens, select the game and click the [ *Wallet* ] button.

The game wallet menu has the following options:

1) Select cryptocurrency (TRX or 888 tokens) to perform "deposit"/"withdrawal operations.

2) A deposit option.

To deposit funds to the game wallet, enter the amount that you wish to bet with. If you want to deposit the whole amount, click the [ *All* ] button. Then click the [ *Deposit* ] button.

3) A withdraw option.

To transfer funds from the game wallet into the cryptocurrency wallet, select the amount you want to transfer and click the [ *Transfer* ] button.

All operations performed with TRX or the 888 token require confirmation (authorisation). Please pay attention to this.

The transaction will not be conducted without confirmation (for example due to the breakdown of the Internet Connection, ...) When the operation confirmation window appears, check the information and click the Confirm button.

No fees are charged for the transfer of funds between your wallets (cryptocurrency and game wallets). However, it is advisable to always keep a few TRX in the cryptocurrency wallet, which will be needed when freezing/unfreezing tokens.

After confirmation (authorisation) of the transaction, the funds are instantly transferred from the cryptocurrency wallet to the game wallet (and vice versa, when withdrawing).

**Your game wallet has been recharged, you may play!**

***Remark.** Your cryptocurrency wallet and game wallet on the 888tron platform are linked and wholly managed by the player. The player decides the wallet and how much to store in that wallet*

The screenshot shows the wallet interface with two main sections: Deposit and Withdraw. In the Deposit section, the 'TRX' button is highlighted with a red circle, and the input field contains '99'. In the Withdraw section, the input field contains '0'. Both input fields are also highlighted with red circles. The interface includes buttons for 'All', 'Deposit', and 'Withdraw', and a confirmation message at the bottom: 'Confirm the transaction within 60 seconds otherwise the funds will return to the wallet.'

The screenshot shows the game interface with various settings and a balance display. At the top, there are icons for different game modes. Below, there are fields for 'Payout on Win: 1.8585 TRX', 'Multiplier: 1.8585X', and 'Win Chance: 51.92%'. There are three buttons: 'Draw Under', 'Draw Exact', and 'Draw Over'. A slider for 'Bet Amount' is shown with a value of '2'. The 'Balance' is displayed as '99.00 TRX'.
