To start playing, a player has to perform a few simple steps.

1. Install the Chrome browser on your PC using the following link: <https://www.google.com/chrome/>

2. Install the Tronlink cryptocurrency wallet extension in the Chrome browser using the following link: <https://chrome.google.com/webstore/detail/tronlink/ibnejdfjmmkpcnlpebklmknkoeoihofec>

3. Create a **cryptocurrency wallet**. A cryptocurrency wallet is an actual place where you can store your money in cryptocurrency (the digital analogue of your bank account). Our game platform supports a currency called TRON (TRX).

*In the Chrome browser, open the installed Tronlink extension and set up your wallet. How to do this is shown further below.*

*Deposit funds from your debit/credit card to your wallet.*

*Detailed information is given in the "How to buy TRX" instructions.*

4. Start playing:
- Open the Chrome browser
  - Open the Tronlink app and enter your password.
  - Go to the website <https://888tron.com/>
  - Select your game of choice and recharge your game wallet. How to do this is shown further below.

## 2. How to create a Tronlink crypto wallet

TronLink is the first and most popular TRON wallet. It has with the most users and comes in three versions (Chrome Wallet Extension / iOS / Android). The official website <https://www.tronlink.org/> is in English and Chinese.

### Attention.

This wallet only works with the Chrome browser. (not Internet Explorer, Edge or Opera...)

Open the Chrome browser and go to <https://www.tronlink.org/>

Click the [ *Chrome Extension* ] button to download the extension.

In the Chrome Web Store, click the [ *Add to Chrome* ] button. Then click the [ *Add Extension* ] button when checking authorisation.

A Tronlink app icon then appears in the top right corner of the browser.

The app has been installed successfully!

Launch the app and set up your wallet password

1. Set and enter a strong password (at least 8 characters, including numbers).
2. Repeat the password.
3. Click [ Continue ].

Create a new wallet

1. Click the [ Create ] button.
2. Set and enter the name of your wallet and press [ Continue ].
3. The system automatically generates a unique mnemonic phrase (a combination of 12 words). Select (CTRL+A) and copy the mnemonic phrase (CTRL+C). It is also preferable to take a picture of the screen with the phrase for future use or write it down on a piece of paper you store in a safe location later on. Click [ Continue ].

**IMPORTANT!**

If you had switched to a different app, upon returning to Tronlink, the system will ask you to enter a new name, and a different mnemonic phrase will be generated. Pay attention.

Click on the words in the right sequence to confirm your mnemonic phrase. Click [ *Confirm* ].

Your crypto wallet has been successfully created!

Your crypto wallet number is a unique combination of 34 characters (similar to a bank account number). It usually starts with the capital letter "T".

**IMPORTANT!**

Store your wallet data in a safe place for further management of the wallet:

- . The password that you set when creating the wallet;
- . The name of your wallet;
- . The mnemonic phrase ; (consisting of 12 words) of your wallet;
- . Your wallet number (combination of 34 characters).

*To recharge your wallet, you will need your debit/credit card number and data. How to buy cryptocurrency and recharge your wallet, read "How to buy TRX" instructions.*

### 3. How to recharge game wallet

To start playing, you will have to recharge your 888tron game wallet.

#### Sign into your crypto wallet.

- Open the Chrome browser, click the TronLink app shortcut.
- Enter your crypto wallet password.
- Click [ *Continue* ].

*Your crypto wallet should have TRX cryptocurrency already. How to buy cryptocurrency and recharge your wallet, read «How to buy TRX» instructions.*

Go to 888tron.com and select your game of choice. Click the [ *Wallet* ] button.

The game wallet menu has the following options:

1. Select cryptocurrency (TRX or 888 tokens) to perform deposit/ withdrawal operations.
2. A deposit option.

To deposit funds to the game wallet, enter the amount that you wish to deposit. If you want to deposit the whole amount, click the [ *All* ] button. Then click the [ *Deposit* ] button.

3. A withdraw option.

To transfer funds from the game wallet to the cryptocurrency wallet, select the amount you want to transfer and click the [ *Withdraw* ] button.

A transaction confirmation window opens, click [ *Confirm* ]. After confirmation of the transaction, the funds are instantly transferred from the cryptocurrency wallet to the game wallet (and vice versa, when withdrawing).

Your game wallet has been recharged, you can play now!

**Attention.**

- . All transactions conducted with TRX or the 888token require confirmation (authorisation). The transaction will not be conducted without confirmation (for example, due to the breakdown of the Internet connection, software or smartphone issues).
- . No fees are charged for the transfer of funds between your wallets (cryptocurrency and game wallets). However, it is advisable to always keep a few TRX in the cryptocurrency wallet, which will be needed when freezing/unfreezing tokens.
- . Your cryptocurrency wallet and game wallet on the 888tron platform are linked and managed by you. You decide how much to store in the wallet.
